2016/3330/P	myra silverstone	19 Canal Boulevard London NW1 9AQ	19/07/2016 18:25:15	OBJ	I object to allowing any extension to this property on any grounds. Especially since it houses some 10 unrelated occupants at present, and has been subject to retrospective planning permission once before. As is common with multi-occupancy houses the maintenance of the surrounding area is poor and I believe a family of foxes have taken up residence in the garden
2016/3330/P	George Budden	3a Torriano Avenue London Nw5 2sn	18/07/2016 22:37:45	OBJ	I object to this alteration to my neighbours house. The house has been extended already to create a student dormitory, reportedly housing 10 students, which is quite out of keeping with the family dwellings in the development. Engagement in the local community is much reduced, for example with no involvement of the running of the estate, nor even awareness of the accommodation of a large earth of foxes which have been contaminating neighbouring gardens with waste. The owner is also gaming the system, with a second retrospective application in 2 years - inexcusable considering the owner is a professional property owner. Finally, the notice for the planning permission was not delivered to the listed neighbours, and has disappeared from the lamp post on Torriano within just a handful of days. I look forward to the opportunity to protest in person at the application. Best regards George Budden
2016/3330/P	Soli	14 Canal Boulevard London NW1 9AQ 14 Canal Boulevard	20/07/2016 17:41:04	OBJ	Objection
2016/3330/P	G McLeary	4 Busby Mews	20/07/2016 10:17:58	OBJ	I'm concerned about the increases in noise coming from this property as a result of additional rooms, albeit in a garden shed, and the prospect of continued overcrowding at this property at the expense of others living on the Northpoint Estate. This property was designed for one purpose, i.e. family dwellings, and being used for another such as a HMO. The changes already that have already been made to this property have resulted in increased numbers of unrelated people living there and increased nuisance from noise, pests, etc. It is for these reasons that I object to the proposed granting planning permission.
2016/3330/P	Laura	33 Northpoint Square NW1 9AW	19/07/2016 10:09:45	OBJ	I have an objection to this alteration along the lines of those already raised. The change in the dwelling is not in keeping with the immediate development and there has not been the engagement with the neighbors that is demanded of this kind of planning.
2016/3330/P	S R Tomalin	30 Canal Boulevard	19/07/2016 17:25:50	COMMNT	objection
