2016/3958/P	Amit trivedi	3 Middlefield	22/07/2016 09:15:34	COMMNT	Being a resident of Middlefield, the character of the road is determined by the synchronicity of the houses in a beautiful tree lined street. If one property were to attempt to alter this look (from the front side), it would be completely out of quilter with the rest of the properties on the street. Hence I would strongly object to this being given planning permission.
