Hi Barry.

I hope your well.

Many thanks for your reply. The application for the Oak tree was in the same envelope as the one for the Lime trees at the front. I sent two separate applications in the same envelope. I can only assume one has been mislaid.

Anyway as the Oak does not have a TPO attached all we intend is to trim the tree and thin the crown by 30%. I do believe that a similar application was made in 2008 but the work was never carried out so you can appreciate the tree is now very large and requires some urgent attention!

Whilst I write the owner of the property Mr Steinberger has asked if the Ash tree in the right hand corner of the back garden can also be given a polard similar to the Oak tree. Again an application was made to do that in 2008 and nothing was done.

I would be most grateful if you could get back to me about these as soon as possible as Mr Steinberger would like to get this work done urgently.

Many thanks and take care.

Malcolm
