The very large second floor terrace and glazed living room will have an extremely negative effect on the neighbouring homes .</p> <p>1) Privacy : This large extension will affect the privacy of neighbours .it will allow views right into bedrooms and other rooms of neighbouring homes.</p> <p>2) Light : the glazed living room and terrace will cause a nuisance by extra electric light leaking into neighbours homes .</p> <p>2) Noise : the inevitable increase in noise coming from this large living area on this floor will impact very negatively on the quality of life of neighbouring residents .</p> <p>3) right to light :</p> <p>The side windows of 32 will be blocked by this over large extension .</p> <p>This Application does not take into account the very negative impact it will have on other residents.</p> <p>We strongly object to it in its present design .</p> <p>Melissa Berman Dr Anthony Berman</p>
