2016/3730/T	Consuelo Phelan, hon. Tree Officer, BRA.	5 Belsize Park London NW3 4EE	26/07/2016 15:21:24	COMMNT	On behalf of the Belsize Residents' Association, I should like to object to yet another mature tree going from Lancaster Grove, especially after the recent loss of the copper beech at no. 26. If the poplar is indeed severely infected, and does have to be removed, it should be replaced as soon as possible.
