Dear John
Sorry I sounded cracked - probably the pain of getting through a couple of weeks' emails.
Despite this you have correctly interpreted our views.
Many thanks for checking.
Best wishes
David

Dear David,

Thank you very much for your voicemail – may I please ask you to confirm that I am correct in the following summary of the CAAC's position regarding the matter? From your voicemail it sounds as though the CAAC does not raise an objection to the scheme in terms of the impact upon the adjacent CA, but are wary that the scheme may represent an over development of the application site?

Sorry to have to ask you again – your voicemail cracked up a little so I just wanted to be sure.

Many thanks,

John Diver
