Subject: RE: Advertisement & listed building consent applications - 2016/4138/A & 2016/4140/L - The Royal George PH, 8-14 Eversholt Street

Hi Tony
In reply to your queries

- 1 The existing Bracket will be used.
- 2 The existing trough will be used.
- 3 The plaque is fixed on hidden rods drilled behind the sign, Menu case is screwed & plugged behind the sign.

Regards

Les Gregg

Subject: Advertisement & listed building consent applications - 2016/4138/A & 2016/4140/L - The Royal George PH, 8-14 Eversholt Street

Dear Leslie

Thank you for your applications received on 25/07/2016.

I confirm that your applications are valid and registered. Please find attached letters with full details.

I am obliged to give consultees a 21 day period with which to make any comments. This involves the need to publish your application proposals in a local newspaper which takes a little longer to arrange, but still requires a 21 day consultation period. After this time, I will be in

a position to provide a recommendation. I will, of course, prior to any recommendation, bring to your attention any issues that may arise during this period.

In the meantime, it would be very helpful if you could clarify the following please:

1. With regard to the proposed hanging sign, will the existing bracket be re-used or are you proposing to remove it and fix a new bracket? If so, please confirm the proposed method of fixing;
2. With regard to the proposed hanging sign, will it be trough-lit or spot-lit?
3. Please confirm the proposed method of fixing of the menu casings and plaques to the external face of the listed building?

If you have any queries, please do not hesitate to contact me and I'll try to help.

Regards

Tony
