Drawing Nos: 160220-A(S0)001 (OS Extract); 160220-A(S0)001; 160220-A(GA)001;
Cover letter

The Council has considered your application and decided to grant permission subject to the following conditions:

Conditions and Reasons:

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing railings, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 160220-A(S0)001 (OS Extract); 160220-A(S0)001; 160220-A(GA)001; Cover letter.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informatives:

- 1 Reasons for granting permission:

The proposed pergolas will be at a height of 10.0m from ground level projecting 0.7m from the elevation of the host building and covering the external parts of the sixth floor. The pergolas would be constructed of steel with a black painted finish to match the existing windows and finishes on the building. It is considered that the pergolas will not be prominent within the streetscene by virtue of their limited visibility, conformity with the existing railings and balconies on the building. The pergolas would sit sympathetically with both the host building and surrounding buildings and would have no adverse impact on either this Non-Designated Heritage Asset (local List) or the character and appearance of the surrounding area.

Due to the minimal scale and positioning of the proposal, there would be undue harm to the amenity of any adjoining residential occupiers.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2016 and paragraphs 14, 17, 56-66 and 126-141 of the National Planning Policy Framework.
