2016/3018/P	Robert Jones	83-85 Saffron Hill London EC1N 8RT	29/07/2016 14:56:51	INT	<p>As a sitting tenant, occupying the fourth floor, I find it impossible to see how we can use our offices whilst the walls and windows surrounding us are dismantled and replaced. The noise would make it impossible to work and the safety of our staff would surely be compromised. In addition the proposed extension to the 3rd and fourth floors would also be highly disruptive.</p> <p>As you would expect, we are very much against this application and would ask that you reject it.</p>
