2016/3229/P	Daniel + Azzi Glasser	24 Rochester Square	29/07/2016 15:26:08	OBJ	We object to this application and we would also like to note that this work seems to have already been carried out without any prior notification or consultation. This building will have a detrimental effect with regards to the usage of our property and it will also set a negative precedent of creating a habital space within the gardens of our neighbourhood.
