2016/3677/P	CKP	St Cross Street	31/07/2016 11:33:44	OBJ	<p>1) The construction noise, dust and road blockage will be extremely disturbing to those living & working on this street, especially after almost a full year of non-stop Thames Water and other street works *and* the upcoming construction of a new building 2011/1433/P.</p> <p>2) Could a condition be that the construction must be at the same time as the 2011/1433/P building, so as not to draw out the disturbance?</p> <p>3) Does St Cross street really need more office space? The offices on corner St Cross & Kirby St are not filled, and the neighbourhood character is more jewelry/craft.</p>
