

30th July 2016

Dear Sir/madam I am having computer problems, 2 days completely out of action, only partial contact today, hence the delay, and I shall have to be quick before I loose connection again. I wish you to understand that this is no excuse for not taking notice of my objection to this case. I also wish to attended any meetings on the subject.

I did send in an objection some time back but the ref no. was not up-to-date.you can see the connection and I ask that you take account of my reasons for objecting in the account that I gave.

Sorry this is now so vague but you have the planning ref no and you now know that I wish to object I have detailed evidence of their previous behaviour at 100 Ave rd NW3 which is significant and wish to attend any meeting on the subject og Mia restaurant

Yours sincerely, Elaine Chambers
