

I want to object to 2-16/3697/L

I live in Kidderpore Avenue and am horrified that we are apparently going to lose our street parking, and I would ask you to reconsider this

Surely it is the right of a resident to park in the street

Please can we not have this at least at non-working hours, at night and at weekends

Marketing spaces should not be allowed if residents are not allowed to park

Residents are penalised by the greed of Mount Anvil
