Your comments on the planning application

Our house (15 Colville Place) backs onto Crabtree Fields. We object strongly to the proposals on the following grounds:

- detrimental overbearing effect on the precious secluded community open space of Crabtree Fields, particularly in relation to overlooking and light and noise pollution
- detrimental visual impact on the built environment around Crabtree Fields (a Conservation Area), which is largely aged brick at lower level, with set-back sash fenestration at upper levels (ie no large windows/balconies)
- destruction of the internal fabric and character of this
