2016/3989/P	Gary Hicks T/A H&H Van Hire Ltd	107e (North Part) Bartholomew Road London NW5 2AR	08/08/2016 14:18:39	OBJ	We Occupy the North Part of Bartholomew Road car Site and have done Since 1994 We would 100% object to the application on the grounds of that if the opening was created our space would be directly overlooked and undoubtedly our business practices would interfere with the quiet enjoyment of the residential unit that have made the application, This we feel is very likely to lead to unnecessary neighbourhood disputes between residential and business users of the area. Another reason we would object is that although we are, and have been currently using the space for the last 22 years as an open vehicle facility, any future possible development opportunity for the possibility of residential development of our site would undoubtedly be objected to as It would then block the proposed new window/door/balcony opening.
