Reason: - As required by regulation 2(1) and Schedule 2 of the Town & Country Planning (Control of Advertisements) (England) Regulations 2007.

Informative(s):

- 1 Reasons for granting permission.

Planning permission (ref: 2015/1534/P) was recently granted for office use. The building is situated on the corner with two separate viewing corridors from Earham Street and Monmouth Street. To ensure visibility of the business unit, two externally illuminated hanging signs are proposed on each elevation. This is considered to be acceptable in terms of location, size, design and method of illumination.

The location of the signage is not considered harmful to neighbouring amenity by virtue of light pollution or outlook. The sign would not be harmful to either pedestrian or vehicle traffic. The proposal therefore raises no public safety concerns.

The application site's planning history was taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

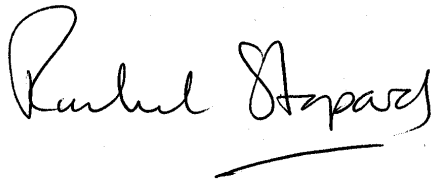

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Policies. The proposed development also accords with The London Plan 2016 and the National Planning Policy Framework.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
