Subject: Planning Application No: 2016/3495/P, Address: 1 Elsworthy Terrace London NW3 3DR

We are writing with reference to the above mentioned planning application. We object to this proposal and oppose the planning application that was registered with Camden on 15 July 2016. The proposal if granted will deny the area of the valuable greenery the corridor offers. Additionally, it will congest the area, depreciate the environment and deny the neighbourhood of the trees presently on the site. In summary, the outstanding conservation, historical, environmental, ornamental, economic and valuable benefits acquired over a very long period of time will be lost to the area. Essentially, we do not believe that there is anything positive in favour of the application. Hence we vehemently oppose it.

Thank you.
