Dear Mr Lester,

I am writing to comment on the application above.

The line drawings of the proposed entrance doors are unlike any mews house period doors that I can think of. Yet the note states 'stained hardwood to match existing'. No photographic evidence of the existing has been submitted. The ordinarily required photo evidence of the context is necessary in order to evaluate the proposal.

Subject to the evidence confirming the drawings, we would have no further objection to the application be recommended for approval.
