- 1 Reasons for granting advertising consent:

The proposed advertisement is in relation to a fascia sign with internally illuminated logo, internally illuminated projection logo sign and a non-illuminated wall mounted aluminium panel.

The size, design, method of illumination and location of the proposed elements are considered to preserve and enhance the character and appearance of the host property, Camden Town Conservation Area and streetscene. Furthermore, the proposal would not have any adverse impact on the neighbouring amenity nor would it be harmful to pedestrian or vehicular safety.

The proposal is considered to preserve the character and appearance of Camden Broadway Conservation Area. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

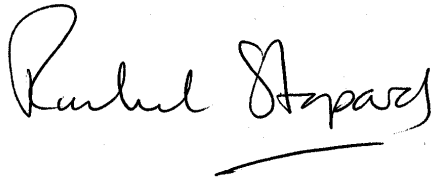

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4 and 7.6 of the London Plan 2016; and paragraphs 14, 17, 56-67 of the National Planning Policy Framework.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
