2016/3825/P	J Monahan	Flat 5 Goldsmith Court Stukeley Street WC2B 5LF	16/08/2016 15:43:04	COMMNT	I object to the proposed variation to the condition attached to the approved scheme. Patrons of the Travelodge Hotel on occasion are very noisy at night and this disturbance is likely to get much worse and more frequent if outdoor seating is permitted. The condition attached to the approved scheme was rightly included to give some control of the potential noise and possible disruption the cafe/bar area/reception would have on the local amenity especially in regard to the need to have control over noise at night that might affect residents living close to to hotel. The nature of Stukeley St is such that noise from the podium deck where the min entrance to the Travelodge is very apparent within all the habitable rooms within Goldsmith Court. All the bedrooms with Goldsmith Court are either along the Drury Lane frontage or along the Stukeley Street frontage and the proposed alteration to the condition or its exclusion would certainly be detrimental to residents within Goldsmith Court.
