Dear Mr Thuaire

61-63 Rochester Place, NW1 – Application ref 2015/2697/P

I write with reference to this application made in 2015 but not yet determined. I note that further drawings have been submitted with revisions to the proposed new 2nd floor.

The revisions to the proposed 2nd floor continue to impact very severely on the amenity on the adjoining property, 57-59 Rochester Place. In particular, there remains a severe sense of enclosure with a resulting loss of daylight, sunlight and outlook to 57-59 Rochester Place both to the courtyard and the 2nd floor window to the front of 59 Rochester Place.

For these reasons the proposals are completely unacceptable and planning permission should be refused on the basis of the existing application.

Yours sincerely,

Jeremy Eveleigh
