Morning Stephen

Good news I have had a response from the Moderating officer and they are preparing your decision notice. Apologies for the delay on this, but is it possible to confirm the extended deadline to today?

I will then issue the decision to you as soon as possible today.

Regards

Hi Stephen

Thanks for the email.

I have sent my recommendation to approve the application to be moderated by a senior Planner to make sure everything is ok with the application. Apologies for the delay with this but I will continue to push

them to get either a decision notice or some comments if changes are needed.

Either way I will get in contact as soon as I can.

Regards

Dear Mr Moore

**RE: 2016/3312/P: New London Theatre, Parker Street, London WC2B 5PW- Installation of 2x Air conditioning units within a new rooftop enclosure.**

Thank you for submitting the above application, which was received on 10/06/2016. I would like to confirm in writing that I will be your case officer and I have just validated the application.

The Council has a statutory duty to consult the neighbouring properties, which will be done by letter. An advertisement will also be placed in the local press and a site notice will be displayed. All consultation responses will be available to view on the Council's website using the planning application search page and the above reference number.

It is likely that the application will be determined under delegated powers; however, if 3 or more objections are received from neighbours, or an objection from a local amenity group is received, the application will go to Member's Briefing.

The key considerations in the determination of the application will be: the impact on the character and appearance of the host building and the wider area; and the impact on nearby and neighbouring properties.

Regards
