Dear Sir

**GREATER LONDON HOUSE – HAMPSTEAD ROAD LONDON NW1 7AW –
APPLICATION NO 2016/4208/P**

I write to lodge objections to the application submitted by Lazari Investments Ltd. regarding increasing office space in the light wells of the present building.

I agree with the objections of the Camden CAAC that the present designs will impede light access and seriously affect lighting conditions to the present office accommodation in this building.

I agree that the balancing between additional office space in exchange for reduced lighting is not one that should be determined in favour of the present application.

For this reason, I would urge that the application in its present form be refused. In the event that a fresh application was submitted that permitted the same amount of light as at present in the light well, then the matter would of course have to be reconsidered.

Yours faithfully
