Dear Mr Remington

Notification of Intended Works to Tree in a Conservation Area
Your ref: 2016/4303/T

I am in receipt of your letter of 4 August 2016 advising of the above.

The tree in question is a superb, healthy ash that has been conscientiously maintained over the years in accordance with the Tree Preservation Order to which it is subject.

I strongly object to the application to have the tree removed and have been independently advised that, given the nature of the soil, the consequence of a sudden and drastic removal of a tree of that stature would likely give rise to soil heave and present new problems.

I therefore request that, before any action is undertaken, an assessment by a suitably qualified expert is carried out.

Yours Faithfully,

PP Rina Ponser (Mrs)
