Hi Mattias,

Thank you for registering the application 2016/4721/P for prior approval for a design change to the payphone kiosk. The digital Panel will be facing the oncoming traffic side of the Kingsway and the open plan section of the kiosk will be at the opposing side with the in-built payphone.

Our specification document contains pictures and annotations of the final design to be implemented which should give you a clear picture as to how the design will look adjacent to the station.

If you need any further information please let us know.

Kind regards,

Matt Coe
