

Dear Sir/Madam,
+ 24, surajpur nre
NO 207
August 16

As I very much regret
having sent, some rather harsh, critical
letters, to your housing dept, and will
to apologize, as I, did not mean,
to cause offence, in any way.

- My letters, were ^{not} applicable, to
the planning dept, and not housing. I
live, in the above block, and I am

rather upset, at the building of luxury
apartments/luxuries, close to the estate.
where I live, and demolishing, our community
estate. - I realize that now, this huge
proposal, has been passed, and they are
going up rapidly, as I don't mean to
hit out, I worry, about us, the tenants,
especially, the elderly ones, as we
seem to be irrelevant.

blocks, can we...
to check us, etc. - We would not, or to
why, this way allowed, so close to our
block, on Council land? - We worry about

us? - Again, please accept my
apologies for my letter.
I was found out, it was
me, sent anonymously.

As, I, thought it concerned tenants.
It's however, a lovely area, close to
all the greenery of The Heath, and to
Parliament Hill. - With all amenities, close
by. - For the ordinary folk
and for the wealthy ones.
