Your comments on the planning application

I am not opposed to the application in principal, but am cautious of how it would be constructed.

As a resident of Mornington Crescent, I am concerned with how the construction of the infill would be undertaken. I would strongly object to any use of Mornington Crescent for construction, including use as delivery route, crane installation, or material storage.

Further, any additional structures added at roof level should be set back such that they are not visible from the street level.
