2016/1355/P	Paul Samuel	8 Mansfield Place London NW3 1HS	26/08/2016 22:17:11	SUPPRT	<p>I'm happy to support the change of use of the specified part of 82 Heath Street. The premises are contiguous with the rest of Heathside school. The floor area within the scope of the application is small in relation to the existing footprint of the school and so any effects on pupil numbers and hence traffic in Hampstead will be small.</p> <p>The proposal maintains the retail use of the ground floor facing Heath Street, and hence I do not believe it will have any significant effect on the vitality of Hampstead town centre.</p>
