Dear sir /madame

With reference to the planning application 2016/4483/T Site Address1 Parsifal Road London NW6 1UG .
Being the owner of the site I would like to know how am I expected to comment on this application. It was registered on 24-08-2016 but with comments to be made by the 24-08-2016 !! . I have not been notified nor have there been any notices put on the lamp post .

I would like to object to the application because none of my trees obstruct the driveway and the photos shown by the applicant are very misleading and not representational of what it is currently like. Please look at the up to date photos which have been taken today which clearly show that there is no problem.

Yours sincerely . Antonietta Franchi
