Dear Sirs,

Re: Planning App 2016/2997/P 28 Redington Road NW3

The Embassy owns the property situated at 41 Redington Road, NW3 7RA which is a private residence.

We would refer to the above Planning Application and wish to make the following objections:-

There is a great deal of congestion on this residential road at the present time, particularly when schools are starting and closing and also, during working hours. With the occupation of another eight residential homes, the volume of traffic will increase considerably, with more vehicles using the road, deliveries and school runs which will create even more congestion. Apart from this, the disruption, congestion and inconvenience that will also be created whilst the works are being carried-out.

It seems inappropriate to erect flats on this road and in this neighbourhood, as the properties are mainly single, detached residences and this development will be out of character and affect the appearance of the neighbourhood.

We hope you will take our comments into serious consideration.

Yours faithfully,

Embassy of the Republic of Yemen
