Unless your demolish the buildings on the opposite side of the road, a new modern building will not look good on this same street.</p> <p>It will also cause overcrowding of a nice area with 30 residential apartments. More trash and human traffic.</p> <p>Also, there's a reason why people like this area, it's very local and humble. New modern apartments will ruin the atmosphere.</p> <p>Further, we live here and love our place.</p>
