Dear Sir/Madam

Re: 10 Drury Lane Wc2 Travelodge  
Application to vary a planning  
condition.

Please find a collection of letters for  
all the flats (except the 5) households in  
Goldsmith Court. Please can you  
confirm receipt.

Please also advise why no formal  
notification from Camden was circulated  
to the flats considering we all live directly  
opposite the hotel. I

Yours sincerely

  
J. MONTAGAN

To: The London Borough of Camden

Planning Department: Development Control

**Planning Reference: 2016/3825P Travelodge Hotel, 10 Drury Lane WC2**

**From the residents of Goldsmith Court, Stukeley Street WC2**

We the undersigned have been informed by the Covent Garden Community Association that Travelodge Hotel, 10 Drury Lane, which is situated directly opposite our residence have applied to have permission to provide table and chairs on the concourse/podium outside the hotel where drinking will be permitted. We had no notification from Camden about this application despite the fact that the Travelodge Hotel is directly opposite our homes. Why?

We vehemently oppose this application due to the amount of noise already generated by the hotel not least by the innumerable "Hen" and "Stag" parties. We dread to think that external seating with drinking might be permitted. If the Council agree to the application, life for our residents over most nights and particularly weekend will be intolerable.

Drury Lane is a noisy south to north route which we have learnt to live with. However how much more noise do we have to learn to live with?

Camden were quite correct in the past to place a planning restriction on the Travelodge Hotel that no outside seating and drinking would be permitted on the podium. **We see no reason to why this restriction should be removed and we urge the Council to refuse the application from Travelodge Hotel accordingly.**
