Your comments on the planning application

We should like to object to the application to extend the height of the roofs of the two houses at No 14&16 Rossllyn Hill.

The grounds are that the new roof extensions will block the view from our apartment opposite.

At present the view from our living room and bedroom allow us to look between the roofs of No's 14 and 16 across rooftops and trees to Blackheath and Greenwich.

This is our only long vista with the rest of our view consisting of the main road Rossllyn Hill and the front of the houses opposite.

Planning Application Details

We have enjoyed this view with the City lights at night, and regard it as an amenity. It adds value to our property as City views always do.

Granting planning permission to the applicants who own the two large houses opposite to enlarge their properties even further would take this view away from us which would be a detrimental loss.

We also consider the resulting structure would be ugly and destroy the symmetry of the other sets of semi-detached properties along this stretch of the road.
