**For the attention of Nora-Andreea Constantinescu**

This Committee acts on behalf of the Council for British Archaeology in respect of Listed buildings and Applications within the Greater London area. The Committee discussed the above case at its meeting on Tuesday, 23 August 2016 and made the following observations:

The Committee objected to this proposal (as did Historic England) to the loss of amenity in the mews citing that the rear extension could not extend the mews.

We apologise for the delay in responding.

Vicki Fox (Hon. Secretary)  
LAMAS - Historic Buildings & Conservation Committee
