09 September 2016

Dear Kate

192 Haverstock Hill London NW3 2AJ

Thank you for your communication of 1st September 2016.

I can confirm that the planning applicant is in communication with London Underground engineers with regard to the development above. We have no objection to the works in principle, however before works commence we need to see the detailed contractor's method statement(s). The documents submitted with this planning application have already been accepted by London Underground as per letters submitted with this planning application.

Therefore the condition cannot be discharged without the submission of detailed contractor's method statement(s).

If I can be of further assistance, please contact me.

Yours sincerely

Shahina Inayathusein
Information Manager
