2016/2661/P	Christine E Cox	13 Glenbrook Road West Hampstead London NW6 1TN	07/09/2016 16:39:40	COMMNT	Although I am objecting to the proposed plan to convert the upper part of the only local public house .I hope that Camden council are honourable, and don't backtrack with the plan.We need to have somewhere that we can eat, drink and be part of the local community.
2016/2661/P	C Langford	55 Sumatra Road NW6 1PT	07/09/2016 13:57:37	COMMNT	I note the intention to keep the pub open - hopefully indefinitely. In my view it's a valuable and important asset to those of us in the local community. If its character can be enhanced, better still - provided it remains a functioning pub.
2016/2661/P	Jonathan Cooke	18A Hillfield Road LONDON NW6 1PZ	07/09/2016 17:26:50	COMMEMP ER	I support the application on the basis that the pub on the ground and basement floors remains and that the absolute necessity of the applicant to ensure this is noted in the permission
2016/2661/P	Simon Rydings	38 May Road Twickenham TW2 6QP TW2 6QP	07/09/2016 11:59:19	COMMNT	The Alliance public house on this site should be preserved in perpetuity, as it is a hub of the community. I note that the developers have stated their intention that the pub is retained with similar footprint, access and character. I would support this forming part of the legal obligations of the developer when any permission is granted.
2016/2661/P	Natasha Curry	Flat 31 Ellerton 30 Mill Lane	07/09/2016 20:50:28	COMMNT	I strongly support the continued existence of a pub on the ground floor. It is a vital part of the neighbourhood and without it Mill Lane is just a thoroughfare. With it, it's a community. Converting the upper floors to flats sounds sensible as long as proper sound proofing is installed.
2016/2661/P	michael mcintyre	Garden flat 26 westbere rd	07/09/2016 11:53:06	COMMNT	The statement that the council and local community are committed to keeping the pub in its current use on the ground floor. The following sentence " the developer should make all efforts possible possible to maintain the pub on the ground floor" should be deleted and be replaced by "The developer is bound by this commitment "
2016/2661/P	paula Dyche	101B Clarendon Rd W11 4JG	07/09/2016 11:55:32	COMMNT	I am delighted that the plans show that the pub will be retained and the facade improved. Access and sound are of course important.
2016/2661/P	Moyra Hadley	11A Mill Lane West Hampstead London NW6 1NT NW6 1NT	07/09/2016 10:41:48	COMMNT	I am delighted that the floors above The Alliance Pub will be renovated and utilised and I hope the pub will retain its character. However I want an assurance that the Alliance Pub will be retained as a pub for the benefit of the community in the future - it is an important local asset. I suggest the soundproofing of the flats above is effectively done to ensure happy relations between the pub and residents.

2016/2661/P	Laura Barber	Flat 7 Gondar Mansions Mill Lane West Hampstead	07/09/2016 12:44:04	COMMNT	<p>Good Afternoon,</p> <p>As well as my original signature on the petition I wanted to share my thoughts on the importance of keeping the Alliance Pub as primarily a pub. I'm happy for the top floor to be converted into flats (however I would like to be reassured that the building won't be extended any higher. I own a property across the road from the Alliance and this would significantly impact my flat). I would like the pub to stay as a pub. It's an important local business for the area and the community. I'm part of several local groups and we mostly use the Alliance as our meeting point. It bring business to Mill Lane and helps support the other business on that street. Please don't let the life of Mill Lane be taken away by change the property to entire flats or residential. We have to protect these business and the local pub- it part of the British culture and heritage and great way for people to connect.</p>
2016/2661/P	Ms G Davy	8 Clyda Mansions London NW6 1EU	07/09/2016 22:45:26	COMMNT	<p>I'm so glad to see the council planning to maintain a much valued public amenity, it is vital that the Alliance be allowed to continue to be a pub complete with outdoor drinking area and live music and pub quiz nights, private parties and so on. As long as the council plans for the upper floor includes / allows for / encourages that to the continue, I'm all for it. Michael has run the pub judiciously for the whole time I have lived in the area and it is important to value amenities like The Alliance as the business it is.</p>
2016/2661/P	Diana McIntyre	26 Westbere Rd London NW2 3SR NW2 3SR NW2 3SR	07/09/2016 11:25:23	SUPC	<p>I have mobility problems and disabled access to the Alliance is essential. With many young families in the area pushchair and pram access is also essential</p>
