2016/4118/P	Fiona Wilson	Lyme Street NW1 0EH	13/09/2016 12:23:18	OBJ	I have been asked to make known our objection to the side dormer window of this proposed roof extension. The enormous side dormer window will be clearly visible from the street and will distort the whole facade of this beautiful grade II listed building. (Also it should be noted that the rear dormer window will be clearly visible from the canal.
