I am fed up to receive information in an anal retentive manner.</p> <ol style="list-style-type: none">1. Ground floor plan only shows flats, where is the first floor plan?2. Where is the refuse area for 11 flats and therefore 24 people?3. Why with accessible modern technology do we not have a 3D visual online where we can really appreciate what is being proposed? Instead we are getting bits of information under separate applications. This is not satisfactory. I believe that this is a deliberate ploy to confuse those affected by this hideous proposal.4. We have objected that the alleyway is too small to provide proper access to this dense development. We are concerned that the gate which has been erected will prevent fire access to the back of our properties and should be removed immediately.
