2016/3404/P	Maria	1 Newlands Harrington Street	13/09/2016 13:30:38	COMMNT	We, the resident of 1 Newlands, would like to object to the erection of a sub-station on plot 4. We are already extremely affected by the constant noise, dust and pollution that has been caused as a result of the construction work near the Newlands estate. We are even affecting during Saturdays as there is also construction work taking place on the weekends.
