2016/4634/P	Mrs green	32 Heathdrive	13/09/2016 16:02:44	OBJ	Strong objection to inclusion of basement evel in this application. The development will increase the square meter of this currently affordable flat on one level to a flat on three floors which reduces the possibility of it ever becoming affordable. This listed property a twin with 32 will be altered with no regards to its adjoining listed property. The current draft to neighbourhood plan of redington Frogнал does not allow basements under listed buildings with so many streams in the vicinity!
2016/4634/P	M Green	32	14/09/2016 08:47:20	OBJ	I live next door The works have been started without the requisite permissions and at 8.00 am in the morning . What sort of enforcement policy has Camden got in these circumstances? Why are no fines for disruption to the livelihood of neighbours ever considered. This property and its twin are listed!
