Dear Ms Muthoora,

I am writing to object to these three proposals to erect internally illuminated digital screens in the Hampstead Conservation Area outside numbers 30 Hampstead High Street, 68-69 Hampstead High Street and 64-66 Heath Street.

The proposals contradict CPG1 (“Advertisements in *conservation areas* and on or *near listed buildings*”), will be intrusive and result in visual and light pollution.

Thanks and regards  
Elena Moynihan
