2016/4530/P	Meg	25 Farringdon Road	14/09/2016 17:56:41	COMMNT	Hi, As a resident in 25-27 Farringdon Road (attached to the building), I highly disapprove of this work. The construction work that has been previously carried out at the same site has been incredibly inconsiderate of the fact that there are residents in the attached building, and that they might require sleep or considerate construction work with minimisation of unnecessary noise. I would be really reluctant to see further construction, as I would like to sleep well once in a while.
