Dear Paul,

52 HOLMES ROAD (2016/1986/P)

Please convey the following to Camden (Jonathan McClue), regarding the above planning application.

The proposed premises have been designed to meet the requirements of Henry Bertrand, in being modern, functional, light industrial floorspace.

The scheme would allow us, upon re-occupation as the owner, to increase capacity to employ more people. Furthermore, the new layout will allow us to make improvements to working life and the effectiveness and robustness of the company.

This is a key part of our commitment to keep our luxury fabrics business at the centre of the Kentish Town community. It also continues our belief in Camden being the right borough for our business as it has been since 1981.

Regards

Andrew Gilbert
Managing Director
