Saxon with reference numbers indicated in bold black are available ex-stock. Saxon with reference numbers indicated in light black are manufactured to order, contact our sales office to discuss your requirements. \*Step Units are supplied with a 35mm wide non-slip back-slip as standard however other colours or slip are also manufactured to suit. Please contact our sales office for further details. \*\*Natural products are manufactured from aggregates sourced locally to the works and contain no polypropylene, therefore colour variation between products from different works is possible.

Saxon Textured Concrete Paving

For environments requiring understated elegance, Saxon Textured paving combines a warm and inviting colour mix, blended with hard Yorkshire aggregate making it a popular choice and cost effective alternative to natural stone, to complement both modern and traditional spaces. Finish with Saxon kerb to refine the finished look and add definition.

Marshalls innovations in concrete technology supports a trend for larger plan sizes. New Saxon 1m<sup>2</sup> paving suits spaces on a grander scale and is trafficable.
