Hi Barry.

Long time no speak and I hope you are well. I would like to apply to pollard 2 x Sycamore trees in the rear garden of the above property. They are on the rear boundary, not very big but do need a bit of a trim. Elaine the owner of the property does not believe there are any TPOs attached to the trees so if you could register the work I would be most grateful.

Many thanks and have a great weekend.
