2016/4141/L	Marchmont Association	62C Marchmont Street WC1N 1AB	15/09/2016 15:16:03	COMMNT	<p>The Marchmont Association objects to the proposal for this sign to be internal it, as this does not conform with the listed building conditions attached to this building.</p> <p>The sign should match the other projecting signs within the shopping centre, which are not lit, either internally or externally. We are also uncomfortable about the impact that a projecting sign will have on the external elevation of this iconic building, and the Grade II listed terrace opposite, although we recognise that the business needs to advertise itself to potential customers exiting Russell Square station.</p>
