

Dear planners,

2016/4289/T 117 Chetwynd Road

I did get to visit the rear garden yesterday.

The house belongs to the North Camden Housing Co-operative and its 9 tenants each have a piece of the rear garden to cultivate. The Sycamore (T2), in the left-hand shrub border, produces too much shade over these plots. Therefore they would like to fell it. There are many trees in the right hand side of the garden and also a very large oak tree in the neighbour's garden to the right.

2016/4741/T 110 Chetwynd Road

Crown reduce Plane tree in front garden; no objection.

2016/4031/T 12-14 St Albans Road (Circle Housing Trust).

No objection to any of the tree works.

I looked at the Ash tree by Denyer House today.

It is still enclosed by hoarding.

Will this be removed soon and are the roots no longer exposed?

Many thanks,

Eileen Willmott
