Angela Ryan advised that it was no longer possible to make an application for a new planning permission to replace an extant planning permission in order to extend the time limit for implementation. She advised that a new planning application should be submitted using the same documentation as the existing planning consent (no.2013/5857/P). She advised that, as the planning context has not changed since the granting of planning consent in 2013, and as the existing physical context has also not changed in that time, the likelihood of being granted planning consent for the development approved in planning consent no.2013/5857/P was high.
