**Subject:** URGENT dead dangerous dying tree - NW3 7PH

Hello,

Following my phone call this morning at 10:30, I would like to report that one of the trees in my back garden has fallen onto my bay window during a big storm on Wednesday 14th Sept. My flat is in a grade 11 listed building and the bay window is a very important feature. I would like permission to remove it as soon as possible as it is very dangerous and could collapse further (I have a 4 year old daughter) and also could damage the bay.

I have attached some photographs.

Many Thanks. Look forward to hearing from you.
