

Application No:	Consultees Name:	Consultees Addr:	Received:	Comment:	Response:
2016/4194/P	Mike Neale	1 Bermondsey Exchange 179-181 Bermondsey St London	19/09/2016 16:51:21	COMMNT	It appears that not all of the documents for this application have been uploaded onto the council's website. For example I cannot find any plans or elevations of the proposals, which presumably must have been submitted by the applicant as they are required documents for this type of planning application and without them Camden could not have validated the application. Without any such drawings of the proposals it is impossible to comment upon the merits or otherwise of the scheme. Please can Camden therefore ensure that all the documents are uploaded straight away, to allow comments to be posted before the end of the consultation period.
